Sentinel Established 1880. Vol. XXVII.
Consolidated 1907.

SEDALIA, MISSOURI, MONDAY EVENING, JUNE 1, 1908.

VOL. 2, NO. 131. PRICE FIVE CENTS

A NEW MILK ORDINANCE

IT WILL BE PRESENTED TO THE CITY COUNCIL FOR PAS SAGE TONIGHT.

STATE DAIRY INSPECTOR IS HERE

Tells of Recent Inspection, When 60 Per Cent of the Product Fell Below the Standard Required by Law.

L. E. Cline, of Columbia, state dairy inspector, is here today, and is stopping at the Huckins hotel.

Tonight Mr. Cline will have introduced in the city council an ordinance providing for the appointment of a city milk inspector, giving him full authority to inspect dairies and milk and also authority to arrest dairymen who do not live up to the requirements of the law.

The ordinance will be patterned after those in vogue at Joplin, Jefferson City, Carthage and other points in Missouri, and when properly enforced affords ample means of compelling dairymen to furnish milk that reaches the standard required by the state law.

Regarding the inspection a few days ago, when several dairies fell below the standard, Mr. Cline said it was not the intention of the dairy commission to furnish names of the law violators in that respect for their first offense, as the intention of the dairy commission is to further the interests of dairymen, and not retard them, especially when they signify a willingness to live up to the law.

According to Mr. Cline, those dairymen who fell below the standard were notified of their offense, and cautioned to live up to the requirements of the law.

Another unexpected inspection will be held, and if the same violators are again caught in the dragnet, arrests and prosecutions will follow.

"About 60 per cent of the milk inspected fell below the requirements," Mr. Cline said, in speaking of the inspection, "and among those who are calling for the names to be published are possibly those who are among the law's violators."

SWANGER BACKS UP

Secretary of State Discovers That He Was in the Wrong.

Jefferson City, Mo., June 1.—The secretary of state today reversed the ruling he made Saturday when he refused to file the names of the candidates on the People's party ticket for the August primary.

He said today that he had misconstrued the law in making his ruling and would now rescind the action and allow the names to be regularly filed.

GOT A RICH HAUL

Four Robbers Get Between \$6,000 and \$8,000 From Kansas Bank.

Cuba, Kas., June 1.—Four men robbed the State bank of Cuba here early today and escaped with between six and eight thousand dollars after a fight with citizens. No one was shot, however.

Posses are in pursuit, but the robbers have a good lead and it is believed they have made good their escape.

RETURNS TO HIS HOME

Ex-President Cleveland Is Feeling Much Better.

Princeton, N. J., June 1.—Ex-President Cleveland returned to his home here last night from Lakewood, N. J., where he had gone two months ago. Mrs. Cleveland today said that the ex-president is feeling very well, though not entirely recovered from his recent illness.

PICTURED IN VICTIM'S EYE

Officers Claim to Have Portrait of Woman's Murderer.

Alton, Ill., June 1.—Belief in the theory that the last glance of a victim upon the murderer may be so vividly impressed as to fix the picture permanently upon the retina, caused Coroner Streeter to have a photograph taken of the retina of one eye of the woman whose body

was found in the Mississippi on Thursday.

Upon the plate being developed it was asserted by the photographer and the coroner that they could detect the bearded face of a man with a hooked nose and sparse hair. The coroner says he will use the photograph in conducting the investigation. The belief was expressed by Coroner Streeter that the woman was murdered. A post mortem examination established the absence of water in the lungs and the neck was broken.

County Court in Session.

The judges of the Pettis county court are in session today, but only regular business is being transacted.

THE OCEAN LINER IS SAFE

REPORT OF WRECK OF VADERLAND PROVED TO BE UNFOUNDED.

IT HAD ONLY A SLIGHT ACCIDENT

Fears for Safety of Her 1,600 Passengers Are Allayed and Vessel Has Proceeded on Her Voyage.

Antwerp, June 1.—The accident to the Red Star line steamer Vaderland, over which considerable anxiety was felt on account of rumors that she had gone ashore or been in a collision, is very slight, consisting simply of a disarrangement of the machinery. The steamer returned to Flushing and after repairs had been completed left that port this morning for Dover. The story sent out last night by way of Paris said that it was reported that the liner had been wrecked in the North sea in a dense fog. She carries 1,600 passengers and all are safe.

A 20 PER CENT INCREASE

Delegate Explained It at Meeting Sunday Afternoon.

A called meeting of St. Patrick's branch No. 159, C. K. & L. of A., was held Sunday afternoon. There was a large attendance, among those present being invited guests of Sacred Heart branch No. 157.

J. D. Murphy, who attended as a delegate the national convention at Kansas City, made an interesting and complete report of the convention proceedings, and explained the increase of 20 per cent in the insurance rates, the members of the order resigning themselves to the increase very agreeably.

Interesting talks were also made by Rev. Fr. McNamoe and Mrs. J. D. Murphy, after which refreshments of ice cream and cake were served.

STOLE FROM "THE BELL"

Goods and Money to the Aggregate of \$50 Taken Last Night.

Robbers effected an entrance to the Bell Clothing company store on Ohio street some time last night and stole goods and money to the aggregate of \$50.

Among the goods taken were some furnishing goods, five coats, two pairs of pants, one hat and \$15 in money.

After cutting the wire screen the robbers pried open a rear window and had easy access to everything in the store.

The police were notified, but the only clew left by the intruders for the officers to work upon is a discarded pair of overalls, a working shirt, a coat and an old hat.

Local Option League Meeting.

The Local Option league held its weekly meeting this morning and heard reports of the work done the past week, after which plans were perfected for future work in the interest of the "drys."

From now on until the polls close the evening of the 11th inst. it is assured in advance that the "drys" intend to push things, and judging from the announcements made the "wets" intend to be equally as active.

Editor Commits Suicide.

Coffeyville, Kas., June 1.—Clay R. Weaver, aged 30 years, publisher of the Cedarvale, Kas., Commercial, committed suicide at his home in that city last night by taking strychnine. He leaves a wife and child.

WHITLOW IS ACQUITTED

THE JURY RETURNS A VERDICT OF NOT GUILTY—OUT FOR 36 HOURS.

NEGRO WAS LAST MAN WON OVER

Charged With Slaying Miss May Sapp, His Defense Was That She Killed Herself—A Brief History of the Case.

Iola, Kas., June 1.—The jury in the case of Samuel Whitlow, charged with the murder of May Sapp, September 27, 1907, brought in a verdict of not guilty.

The jury was out thirty-six hours. The first votes were 9 to 3 for acquittal. The negro jurymen was the last man won over for acquittal.

Miss May Sapp was the daughter of J. N. Sapp, a wealthy farmer of Moran, Kas., and a niece of Col. William Sapp, the widely known democratic politician.

Whitlow had been the schoolmaster at Moran, and after Miss Sapp entered the little school an affection sprang up between the two. Even after Whitlow's marriage their relations continued.

On the night of September 27, 1907, Miss Sapp left the home of her father at Moran, saying that she was going for a walk.

A few minutes later her mother heard a cry from the back yard of the Sapp residence and then the voice of her daughter calling in a distressed tone: "Oh, mother! mother!"

Rushing into the yard, Mrs. Sapp stumbled over the prostrate form of her daughter. The girl's throat had been cut from ear to ear and she died within a few minutes.

The state alleged that Whitlow became tired of Miss Sapp and, making an appointment with her as had been his custom, murdered her.

Whitlow set up the plea that he had met Miss Sapp, but that she had killed herself.

AS TO SUPT. G. V. BUCHANAN

Sedalian to Look Over Field Before Accepting Joplin Offer.

The Joplin Globe of Sunday morning printed the following of local interest:

"George Buchanan, superintendent of the Sedalia public schools and last week elected to a similar position in Joplin, will be here within two weeks," said A. J. Shockley, member of the board of education, last night. "I talked with him Friday over the telephone, and while he did not state whether he would accept the position in this city he said that he would look over the situation as soon as he was able to leave Sedalia."

Mr. Shockley has known Superintendent Buchanan for seven years, and states that he was so thoroughly satisfied with the Sedalia schools as they were conducted by Superintendent Buchanan he was sure that the Joplin schools would be greatly benefited by his superintendency.

EXPERIMENT A FAILURE

French Aeroplane Exhibition Before Queen Was Disastrous.

Rome, June 1.—The experiment of Leon Delagrang, the French aviator, before Queen Dowager Marguerita and a few invited guests this morning was a failure.

Delagrang started his aeroplane magnificently, but after going about 800 yards it suddenly fell to the ground from a height of six feet.

Delagrang was uninjured, but his machine was badly damaged.

THIS WOMAN HAD \$7,560

Smiles When Policemen Find Money and Verifies Count.

Los Angeles, Cal., June 1.—Although pleading that she had only \$1 in her purse when arrested in a department store on an accusation of shoplifting, a woman giving her name as Mrs. R. N. Thomas was found to have \$7,560 in bills in her clothing.

The money found in her clothing was counted in front of her in the detectives' office. She smiled as Off-

icer Zeiger thundered the fives, tens, twenties, fifties and one hundreds, and said, "I know just how much is there." When the officer announced that there was \$7,560, she remarked, "You're right."

"I can prove that we came by that money honestly," she told the officers. "My husband is a smelter builder and we drew the money out on account of the financial depression. We live on South Bunker Hill avenue and have three children."

Charged With Assault.

The case of Mike Cook, charged with assaulting Jess Smith, will be heard in Judge Riekman's court at 10 a. m. tomorrow.

MISSOURI PACIFIC WON

NATIONAL BANK OF COMMERCE, OF ST. LOUIS, WAS PLAINTIFF IN THE CASE.

GREW OUT OF THE SALE OF BONDS

Issued By Pettis and Lafayette Counties in 1871 for the Construction of Lexington Branch of Missouri Pacific.

Jefferson City, Mo. June 1.—Judge Lamm, in an opinion in division No. 1 of the supreme court, affirmed Saturday the judgment of \$9,091 given the Missouri Pacific Railway company against the National Bank of Commerce, of St. Louis, by the circuit court of that city.

The case grew out of the sale of bonds issued by Pettis and Lafayette counties in 1871 for the building of the Lexington branch between Sedalia and Lexington.

The old National Loan bank, of St. Louis, which is now the National Bank of Commerce, purchased the bonds. By an agreement between the counties and the railroad the \$38,000 of the bond sale was reserved in the bank to be paid to the railroad company when the tracks were laid over the entire distance from Sedalia to Lexington.

All of the money except \$5,406.50 was paid upon completion of the road. That amount remained in the bank until June 2, 1904, when the company made a demand for it and was refused payment by the bank, on the ground of limitation. Suit was brought which resulted in the judgment Saturday for the amount of the principal and interest.

A BROKEN BEER BOTTLE

Figured in a Rumpus Between Women Sunday.

Mrs. Bert Smith, formerly Eva Diel, and Minnie Blair, residents of North Sedalia, engaged in a pugilistic encounter in North Sedalia last night, and the former emerged from the affray with a badly punctured face, while a swollen hand and broken beer bottle told the story of the latter's participation.

Both were arrested by the police, and this morning Judge Gresham assessed a \$10 fine against each.

WRECKED A TRAIN

Engine and Two Cars Left Track, but Only One Man Injured.

Brainard, Minn., June 1.—A special train of the Minnesota and International railroad was ditched near Mishawab by wreckers today, and the engine and three cars were derailed.

Charles Horn, baggage man, was cut about the head and otherwise injured. No one else was hurt. The wreckers had removed the fish plates from the rails, cut the ties and pulled out the spikes. There is no clew to their identity.

MORE HIGH WATERS

Wichita, Kas., Reports Much Damage From Continued Rains.

Wichita, Kas., June 1.—The lowlands hereabouts are flooded and many railroad and wagon bridges are out, while trains in and out of the city are delayed on account of the high water.

The almost twenty-four hours of continued rain came to an end this morning. During the last twelve hours 3.96 inches of water fell.

BOYS HELD UP THE FLYER

A QUARTET, AGED 15, 17, 16, 15, CONFESS ROBBERY NEAR GREAT FALLS, MONT.

YOUNGEST OF PARTY PLANNED IT

Covered Engineer, Turned Switch and Led in Looting Passengers—Said to Have Shot Man and Threatened Another.

Great Falls, Mont., June 1.—In realistic emulation of outlaw tactics, the holdup Saturday night of the northbound Great Northern passenger train, a mile and a half from this city, was planned by four boys, two of the number youths in short trousers, and executed by a trio.

The fourth lad, who admits assisting in starting the scheme, asserts he took no part in the holdup. All are under arrest here and have made a complete confession to the police.

The four boys are: Albert Hatch, aged 15; William Randall, aged 17; Harry Rheams, aged 15, and George Cresswell, aged 16.

According to the story told by Randall, Rheams and Cresswell, the holdup was planned and carried out under the generalship of Hatch, the youngest of the four, who is said to have turned the switch, ordered the engineer to back up and to have gone through the passenger coaches with the conductor, forcing the latter at the point of a gun to collect money from the passengers.

According to the other boys, it was also Hatch who shot William Dempsey and narrowly missed shooting Conductor Jack Hayes.

Rheams states that Hatch, after they had left the scene of the holdup, proposed that they cross the river to the Montana Central line and hold up passenger train No. 236, from Butte, which was due in two or three hours.

Because he demurred, Rheams states, Hatch drew his revolver and threatened to kill him. He was dissuaded from the second attempt at train robbery by the two youths who were with him.

The stories told by the boys, with the exception of Hatch, agreed in the main details. They state that the holdup was planned two nights before, it being decided to rob the train on the first dark night.

NEXT MEETING IN SEDALIA

Missouri State Association of Letter Carriers.

J. S. McGaw returned last night from Macon, Mo., where he attended as a delegate the Missouri State Association of Letter Carriers, which was in session at the Elks' club rooms at that place Saturday.

Sedalia was selected as the next place of meeting, the dates being fixed as May 31 and June 1. Sixty delegates will attend the coming convention.

The convention was an interesting one throughout, and among the prominent persons in attendance were George Van Dyke, assistant superintendent of the department of appropriations, and Edward J. Gainer, national vice president. The delegates were royally entertained by the Macon people.

STRAPPED TO HIS BED

"Jack" Tierney Grew Violent Again Last Night.

While suffering from alcoholism, "Jack" Tierney, a Missouri Pacific machinist, went on a second rampage at his apartments at Maywood hospital at the midnight hour last night, and had to be strapped to his bed to hinder him from doing harm to himself or attendants.

A call was sent to police headquarters, but no one responded. For the last few nights Tierney has been uncontrollable, but, during the day time he is as docile as a child.

SIX LAWYERS DISBARRED

They Did Crooked Work in Connection With Pensions.

Washington, June 1.—Six prominent Washington attorneys have been disbarred from practice in the department of the interior after to-

day. It is alleged that they sought out old soldiers or their widows to whom land grants had been issued and informed them that such land could be had on application.

When the warrants were issued the lawyers advised the holders that the land could be sold at a nominal figure. In most cases the veterans would agree, the land becoming the property of the lawyers, who sold it at a large profit.

The lawyers disbarred are Thomas R. Harney and Eugene E. Stevens, forming the firm of Milo B. Stevens & Co.; Harvey Spaulding, Edwin W. Spaulding and James H. Spaulding, forming the firm of H. Spaulding & Sons, and Edgar P. Gaddis.

TELLS A STRANGE STORY

MAN ARRESTED IN TEXAS CONFESSED TO PART IN GUN-NESS MURDER.

HIS WIFE WAS THE MURTRON

Says He Took Her to Farm, Had Her Killed and Helped Bury Her—Her Jewelry Was Found There Recently.

Laporte, Ind., June 1.—A man giving his name as Julius G. Trueborn, aged 22 years and who claims to be the son of a wealthy manufacturer, is held at Vernon, Texas, on a charge of forgery. He has made a confession of complicity in the Guinness farm murders, stating that he took his wife, Mae Frances O'Reilly, of Rochester, N. Y., to the Guinness farm and had her killed, and helped to bury her.

He further said that he intended to take his second wife to the same place and dispose of her in the same manner. The story was at first discredited, but as jewelry marked with the name of Mae O'Reilly was found on the Guinness farm, the authorities are placing some credence in it.

JOHN BURTON FINED \$100

Other Entries That Were Made in Circuit Court.

John Burton, who several months ago attempted to kill Fred Appell, a baker, was fined \$100 and costs by Circuit Judge Hoffman today and paroled.

William Gray pleaded guilty to larceny from a dwelling and was sentenced to two years in the state penitentiary and paroled. Maggie Counce pleaded guilty to conducting a bawdy house and was fined \$10 and costs.

The two cases of renting houses for immoral purposes against C. C. Williams were sent to Johnson county on a change of venue.

On application of defendant, two charges of obtaining property by false pretenses against George Marshall were continued.

Paroles of the following were continued: Walter Jones, Allan Watts, Joseph Stout, Omer Long, Frank Payne, Almon Payne and Walker Williams.

Informations charging larceny from the person in the night time were filed against Homer Ashbrook and John Tucker, the latter pleading not guilty and being released on bond.

Isaac Jackson, charged with horse stealing, had his case set for Thursday, June 4.

A certified copy of the information was ordered in the case of George Owsley, charged with assault with intent to kill.

Informations were filed against Isaac Jackson for horse stealing and Edgar Wood for carnal knowledge of a minor female.

The case of Lloyd Cannon, a negro, charged with rape, also with assault with intent to rape, will be called Wednesday.

On application of the state, the case of Susie Payne, charged with larceny from the person in the night time, was continued and an attachment ordered for Homer Arnold.

Will Tuley's Baby Boy.

Mr. and Mrs. Will Tuley, the latter formerly Miss Ethel Collins, are rejoicing over the arrival of a pretty baby son, born at the home of Mrs. Tuley's parents, Mr. and Mrs. John A. Collins, on West Seventh street, this morning.

Mother and babe are doing nicely, while "Papa" Tuley is the happiest man in Central Missouri.

SLAYS MOTHER OF A GIRL

TRAGEDY AT CHURCH DOOR IN OAKFIELD, WISCONSIN, ON THE SABBATH.

MURDERER CAPTURED LAST NIGHT

He Had Been Discharged From Insane Asylum as Cured, But Not Allowed to Pay Attention to Miss Grace Orvis.

Oakfield, Wis., June 1.—A thousand worshippers at the Methodist church here were thrown into a frenzy of excitement at the close of the services Sunday, when Grant Poole fired three shots into the heart of Mrs. E. H. Orvis, whom he had followed down the aisle of the church to a vestibule at the close of services.

In the excitement, Poole dashed through the crowd to the street and escaped to the woods skirting the town. Three hundred men in the congregation formed a posse and pursued Poole, capturing him late at night in a cave at the edge of town. A lynching is expected.

Poole's motive for the deed was the fact that Mrs. Orvis had forbidden his attentions to her daughter, Miss Grace Orvis. He had brooded for five years over her refusal to allow him to visit the girl.

The slayer was released from the state insane asylum at Oshkosh a short time ago, after a confinement following an attempt to kill himself. Recently he has shown signs of returning insanity.

Poole, who has been working as a farmhand, sat through the services Sunday morning.

When the benediction had been pronounced and the village churchgoers thronged all about, he kept a crafty watch on his victim. As she started down the aisle to leave the church he followed.

She hesitated a moment in the vestibule to speak to a friend. Poole pressed a revolver to her back and fired three shots into her heart.

Instantly there was a scene of the wildest disorder. Women screamed and fainted. Men rushed to attend the woman as she fell to the floor.

When the churchmen realized what had happened and saw the slayer fleeing down the street, 300 organized to pursue him.

The posse ran to the outskirts and encircled the town, gradually drawing the circle closer, searching every nook and cranny.

Late at night the men found Poole cowering in a small cave, muttering.

Grace Orvis believes that Poole intended to kill her, too, and declares that she owes her life to the fact that she went to Fen du Lac Sunday morning to visit friends.

Mrs. Orvis was a daughter of Abel Bristol, a wealthy banker. Her daughter was a bookkeeper in his bank.

It is feared Poole will be lynched when he is brought into town. He is held in concealment until it is believed the excitement has died down sufficiently to bring him safely to jail.

SALOONS WIDE OPEN SUNDAY

Owners, Hopeless of New License, Disregard Law.

St. Louis, Mo., June 1.—The lid was on yesterday in several of the places in St. Louis county where the St. Louis people have been in the habit of going Sundays to get drinks, but in other places the usual Sunday program was carried out.

Managers of picnics at Normandy grove and Ramona lake made arrangements for serving their guests with beer.

The saloons in the county where the proprietors evidently believe their license will be refused by the county court, sold to anybody who would enter their place through the side or back door.

Miss Farley Will Not Sing.

Owing to her absence from the city, Miss Maud Farley will be unable to participate in Miss Lillie Brandt's piano recital at the First Christian church tonight. Mrs. John Baxter has kindly consented to render the vocal numbers in lieu of Miss Farley and will sing selections from Faust, songs by Nevil, by Newcomb and Gaynor, and the old French song, "The Charming Margaret."

THE PUBLISHERS ARE UPHELD.

The majority report of the house investigating committee regarding the paper situation is just what the public expected; in fact, it is a little more than they have a right to expect from politicians who would cut their right hand off before allowing it to touch the sacred tariff or to acknowledge the growth of conditions which violate law and business justice under a republican administration. But while the majority report begs the whole question before it, covering the existence of an unlawful combination of paper manufacturers and the removal of the tariff, it is of value as evidence from a bona fide source that the complaint of the publishers has solid foundation.

The majority entered upon the investigation determined to deny the existence of a trust, if possible, and to prevent tampering with the tariff. The bias of this portion of the committee has been manifested frequently, particularly by its chairman, Mr. Mann. Nevertheless, it is forced unwillingly to admit that, while absolute proof has not been submitted, that there are indications of a combination among the manufacturers which may be unlawful and may help to account for the high price of paper. The majority likewise acknowledge that the prices have been raised greatly, and infer that the process may have been artificial and arbitrary. The tariff is the hard part. No orthodox republican could ever admit that the tariff fostered unlawful combinations, and consequently we find the majority endeavoring to evade the issue by postponing its conclusions pending further investigation, thereby admitting indirectly the justice of the relief it withholds from the publishers.

The minority report courageously calls a spade by its name and states conditions with a fairness and frankness that is gratifying. It finds prima facie evidence of an unlawful combination, citing the uniformity of prices, division of selling territory and collusive elevation of prices. It dissects the effects of the tariff on the paper industry with remarkable clearness, its statement on this point being so convincing that it is given here:

"We find that the existing duties have raised the price of wood pulp and print paper, not only in itself, but by giving to the paper manufacturers a shelter behind which they could organize combinations which, if not technically susceptible of proof as unlawful trusts, are, in our opinion, in reality such. It is true that the tariff of itself might not account for the full advance in price but the tariff, plus the tariff-engendered combinations, do account for all of it.

THE GROCER

dered combinations, do account for all of it.

"We find that the revenues derived from the import duties on pulp and print paper are so small and the benefit to be obtained from the abolition of those duties are so considerable that we urge the placing of pulp and printing paper on the free list. We believe that relief from existing conditions can be fully and promptly secured only by the immediate consideration and passage of L. R. No. 18,608, introduced by Mr. Stevens."

The hearing has, within the limitation of time and the opportunities presented, confirmed the publishers' charges. No reasonable man could refuse to believe the existence of an unlawful combination when it has been shown that the manufacturers have put up the price of paper far beyond the cost of production; that there is no competition among American mills and that Canadian producers pay the duty on paper and pulp and undersell the manufacturers on this side. It is hard to prove an unlawful combination of any kind, and the publishers did not expect to furnish evidence that would convict in court. This work is properly the function of the department of justice and if it were to diligently employ the elaborate resources at its command for getting at facts of this nature it is certain that a conspiracy in restraint of trade would be established.

The justness of the publishers' demand for a removal of the tariff is not open to debate. The opposition is so patently political that it excludes the possibility of merit.

REAL ADVERTISING.

All education has got to have a beginning. So with the man who would be a successful advertiser. The first training of a great many of these consists, of course, in circularizing. Nearly all of them, however, learn sooner or later—according to their natural aptitude—that the circular, unless used in conjunction with some more effective means of arousing public interest, is about the most expensive form of advertising. If paper, envelopes and printing were free, the one-cent stamp for which Uncle Sam carries the circular from the merchant's headquarters to the waste baskets of the addressees would alone make circularizing more costly than display advertising in a first class daily newspaper. Why should the beginner pay to find this out when he might be guided by the experience of seasoned hands? Why not skip the kindergarten course and save money by resorting to newspaper publicity at the outset?

AN EDUCATIONAL HINT.

What a pity, says the New York Tribune, that the public schools in general have nothing to offer children from 14 to 16 years of age save courses required and often mapped out in detail by college professors, bent wholly upon improving the breed of college freshmen? Greek, Latin, algebra, botany and other preparatory courses are doubtless well suited to the needs of young people wishing to go to college and having the means to gratify that wish, but the boy who has made up his mind to enter a business office, factory or shop as soon as he can find an employer willing to offer him a living wage wants and needs something radically different. And the sooner school boards recognize this the better for pupils whose priceless years are being frittered away in sorting tag ends of intellectual tinsel; the better, too, for taxpayers who are now maintaining at enormous expense schools whose lavish equipment benefits only the favored few.

Why Not Wait and Profit by the Experience of Others?
If Prohibition Proves of Benefit to Others, It Will Benefit Us.
If It Does Not Benefit Others, We Do Not Want It.

STAND UP FOR SEDALIA

Warrensburg, Chillicothe and Fulton have voted dry, and under the law they must stay dry for four years. If, as the prohibitionists claim, peace, plenty and prosperity follow prohibition, we have only to wait and watch the result in the cities mentioned.

While thus far the news from Chillicothe does not bear out the contentions of the prohibitionists, we will assume that she is in the throes of readjustment to new conditions and as yet is not enjoying to the full the blessings which flow from prohibition.

The thing for Sedalia to do therefore is to keep things as they are and watch developments in the dry communities.

If it shall prove true, as claimed by the prohibitionists:

- That revenues are increased and taxes decreased;
- That police and fire departments can be kept normal or increased;
- That street lights can be increased in number;
- That debt is changed into surplus;
- That vacant buildings will be utilized;
- That additional buildings will be erected;
- That drunkenness will disappear;
- That conditions will improve morally and financially;

If these things are demonstrated during the next four years, then Sedalia can adopt prohibition with a full knowledge of what to expect. If these things are proven it would be the height of folly for Sedalia not to adopt prohibition at the first opportunity, but in the meantime it is better to "****" rather bear those ills we have than to fly to others we know not of."

Girl Sacrifices Her Hat and Skirt for Wedding Fee.

Erie, Pa., June 1.—Because the young man she loved was too poor to pay for a marriage license and settle the minister's bill, a pretty young girl of this city offered her clothing for sale, hoping thus to secure enough money to be married.

Her sweetheart, who gave his name as Charles Eckert, was arrested by Detective Grant, who found him endeavoring to sell a silk skirt and a Merry Widow hat. The officer suspected it was stolen property.

At police headquarters the prisoner confessed all to Capt. Detzel, telling how he and the girl he loved were thus trying to get enough money to be married. He was released and the name of the girl closely guarded.

THOUGHT HIM TOO POOR

TO MAINTAIN AN ESTABLISHMENT EQUAL TO AMBASSADOR TOWER.

ENTERED UPON NEW DUTIES TODAY

Dr. David Jayne Hill, Ambassador Extraordinary and Plenipotentiary to Germany at Berlin.

Berlin, June 1.—Chancellery Tower today formally handed over his post as American ambassador extraordinary and plenipotentiary to Germany to Dr. David Jayne Hill, and thus brought to an amicable conclusion a diplomatic incident that for a time threatened to result in ill feeling between the state departments of the two countries.

Dr. Hill was given a cordial reception into his new office by the German officials and was the recipient of a hearty greeting from the kaiser. His scholarly attainments have attracted favorable mention from all of the leading newspapers of Berlin.

The objections made to his appointment last March have apparently been forgotten, and the career of Dr. Hill in Berlin promises to be a brilliant one. It is alleged that the objection was based principally on the belief of the German state officials that Dr. Hill's comparative poverty would prevent him from maintaining an establishment in accordance with the lavish precedent set by Ambassador Tower.

Dr. Hill was until recently the American minister to the Hague, and ever since his appointment to that post he has been highly popular in European diplomatic circles. He was selected to fill this important vacancy for two reasons—first, because of his rank in the world of literature and diplomacy, and second, because his promotion would be in execution of Secretary Root's cherished plan for the application of civil service principles to the diplomatic service.

Dr. Hill is nearly 58 years old and is an accomplished linguist, having made an especial study of the German language. He has had a wide experience in diplomacy and at Washington is regarded as one of the most tactful and ingenious officials in this branch of the service. He was born in Plainfield, N. J., June 10, 1850, and is the son of a Baptist minister, the Rev. David T. Hill. He went to college at Suffolk, Conn., and at Cooperstown, N. Y., and early in life began writing.

The majority of his writings are on philosophical subjects, although one of his best known works is a "History of Diplomacy." He was made president of Bucknell University in 1879 and in 1889 he became president of the University of Rochester, which place he filled until his resignation in 1896.

He then spent some time in Europe studying law and diplomacy, and in 1898 was appointed assistant secretary of state by President McKinley. He was socially popular in Washington for five years, and filled the chair of European diplomacy in the School of Comparative Jurisprudence and Diplomacy in the capital.

You Should Know This.

Foley's Kidney Remedy will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. No medicine can do more. Arlington Pharmacy.

Coca-Cola and Root Beer are favorites at the Arlington Fountain.

The Band Has Been Engaged.

The Second Regiment band has been engaged to furnish music every evening this week under the auspices of the Manufacturers, Merchants and Professional Men's association, of which Edward R. Andler is president.

A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broadcast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed all doubts of his honesty, and made his medicines from among secret nostrums of doubtful merit, and made them Remedies of Known Composition.

By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to the closest scrutiny.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, biliousness, liver or biliousness and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing all the most valuable medicinal plants entering into the composition of Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents and that they are made from native medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," nervous and debilitated women, were employed, long years ago, by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-Weed." Our knowledge of the uses of not a few of our most valuable native medicinal plants was gained from the Indians. As made up by improved and exact processes, the Favorite Prescription is a most efficient remedy for regulating all the women's functions, correcting displacements, as prolapsus, anteversion and retroversion, relieving painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.

HID IN CLOSET FROM LOVER

Threatened With Death for Hours, Girl May Lose Mind.

Milwaukee, Wis., June 1.—Telling a story of a night locked in the narrow confines of a small clothes closet, fearing death at the hands of her lover, who waited outside with a revolver, Sadie Przybyla, a pretty girl, appeared against Anthony Smukowski, charging him with murderous assault. After her testimony she fainted and it is feared she will go insane.

Smukowski, aged 22, son of a South Side butcher, who had paid her much attention, appeared at her home armed with a revolver and attacked her, she said, until driven to the wall, her womanly wit devised a way of escape. With her furious lover armed with a loaded revolver waiting outside the closet door, yet not knowing her hiding place, she spent all night until 7 o'clock in the morning, crushed in the narrow space, hardly daring to breathe, until, tired of his vigil and thinking she had escaped, the young man left.

How to Cure Skin Diseases.

Eczema, pimples, dandruff and itching skin diseases, are of local origin and are caused by germs. In order to cure these diseases the germs and their poisons must be driven to the surface of the skin and destroyed. Salves and greasy lotions may give temporary relief, but they do not destroy the germs that cause the disease. A St. Louis chemist has discovered a clean vegetable liquid remedy that will draw the germs and their poisons to the surface of the skin and destroy them, leaving a nice, clear, healthy skin. This remedy is known as Zemo, and by its many remarkable cures has attracted the attention of the leading scientists and skin specialists of this country and Europe.

Zemo has been given the most cordial reception by the public of any similar remedy ever produced, and it is recognized as an honest medicine that makes honest cures.

Zemo is for sale everywhere. You can obtain a trial package free by writing to the E. W. Rose Medicine Co., St. Louis, Mo.

Mr. Dan Wilcox, druggist at 104 West Main street, has secured the agency for Zemo in Sedalia and will gladly show you proof of some of the wonderful cures made by this remarkable remedy.

TO SAVE FALLEN WOMEN

CONFERENCE NATIONAL FLORENCE CRITTENDEN MISSION AT DETROIT.

AN EXTENSIVE PROGRAM ARRANGED

There Are Homes in Nearly Every Territory and State in the Union—Movement Had Origin in the Year 1882.

Detroit, Mich., June 1.—Missions workers among fallen women of all the great cities of the country are included among the delegates here today for the opening of the National Florence Crittenden mission conference.

Arranged for the three days of the meeting and addresses will be delivered by men and women who are spending their lives in works of mercy among the white slaves of the "red light" sections of American cities. Several of the officers of the International Association of Chiefs of Police, which will begin its session here tomorrow, will speak on the mission work from the standpoint of police officers.

Commendatory messages commending the work of the Florence Crittenden mission have been received from many distinguished men and women, President Roosevelt writing:

"I have long felt that there was a peculiar claim for philanthropic work on behalf of the very people whom you are striving to aid. Under our social system they pay so heavy a penalty for wrong doing, and the road to reform and rehabilitation is made so difficult, that I can conceive of no more worthy work than of institutions such as those under your management."

The annual report of the mission shows that there are homes in nearly every state and territory in the Union.

PIMPLES

"I tried all kinds of blood purifiers which failed to do me any good but I have found the right thing at last. My face was full of pimples and black heads. After taking Cascarets they all left. I am continuing the use of them and recommending them to my friends. I feel my complexion rise in the morning. Hope to have a chance to recommend Cascarets."

117 SOUTH OHIO

ion, the total number in this country being sixty-three. Homes are also conducted by the mission in Shanghai, China; Tokio, Japan; Marseilles, France, and the City of Mexico.

The Florence Crittenden mission movement had its origin in 1882, the founder being Charles N. Crittenden, a wholesale druggist. Almost crazed by grief at the death of his little girl, Florence, at the age of 4 years, he determined to devote his life to charitable work for the salvation of erring girls, and the international Crittenden movement was the result.

How to Cure a Bilious Attack.

A bilious attack is caused by the fermentation of food in the stomach. A dose of Chamberlain's Stomach and Liver Tablets will clean out the stomach, reduce the irritation and inflammation of the stomach, which is the cause of the severe headache, strengthen and invigorate the stomach and restore it to a healthy condition. Try them. You are certain to be pleased with the prompt cure which they effect. For sale by W. E. Eard Drug Co.

Will Be Graduated Wednesday.

George G. Harris, brother of Leo Harris, general delivery clerk at the postoffice, will be graduated from the law department of the state university Wednesday, June 3. George is a Pettis county boy, a son of Squire John V. Harris, of Smithton, and has already passed a highly creditable examination before the state supreme and federal courts. That the young man will in time occupy a high place in his chosen profession all who know him feel perfectly confident.

SNAKE'S BITE KILLS A MAN

Rattlesnake Sinks Fangs When He Handles It Carelessly.

Louisville, Ky., June 1.—Bitten by a rattlesnake of the diamond black species, which had been on exhibition in a cigar store, Charley Conn, a young traveling man, of Lexington, Ky., a Yale graduate and all around athlete, died Saturday in agony, seven hours afterward.

He had been showing his skill in handling the reptile and was talking to a crowd of men in the store, when he carelessly allowed the reptile to free its head. It immediately sank its fangs in his arm.

Conn threw the snake off, but it again caught hold of him, biting him in two more places on his hand.

W. R. Ward, of Dyersburg, Tenn., writes: "This is to certify that I have used Foley's Orino Laxative for chronic constipation, and it has proven without a doubt to be a thorough practical remedy for this trouble, and it is with pleasure I offer my conscientious reference." Arlington Pharmacy.

Putting in a New Main.

Deadly
Paris
Green

Potato bugs lay three sets of eggs a season—about a thousand eggs each time. Your best defense against the ravages of such a hungry horde is to get after them with a good grade of Paris Green before they lay the last two crops of eggs.

We want to sell you the Paris Green. We have a grade that will do the business every time. It is fresh, pure and of unusual efficiency, and would be cheap at double the price because it kills the bugs.

PROSPERITY "BOOM ON"

THIS IS "EMPLOYMENT DAY" IN ST. LOUIS WITH NATIONAL ASSOCIATION.

MANY IDLE PEOPLE PUT TO WORK

One Firm Gave Employment to 2,000 Persons, Another to 1,000, and So On Down Along the Entire Line.

St. Louis, June 1.—Thousands of men thrown out of employment during the business and financial depression are back in their old places today, as the result of a concerted plan of all the manufacturers and commercial concerns in the city to make this "employment day."

The project had its origin with the National Prosperity association, the "let us alone" body, and has been generally taken up by the business interests of the city.

Among the big concerns which celebrated "prosperity day" were the Ferguson-McKinney Dry Goods Co., which put back 1,000 employees temporarily dropped from the pay rolls during the financial depression, and the Ely & Walker Dry Goods Co., which today started every machine in its factory and gave employment to 2,000 men and women.

Many other concerns employed smaller numbers of workmen and the movement has been taken up by the railroads and other corporations.

There is a feeling of confidence that "prosperity day" marks the full return of prosperity to St. Louis, and it is likely that the plan followed here will be taken up in many other cities throughout the country.

PITCHED BALL KILLS BOY

Strikes Player Over Heart, Paralyzing Nerve Center.

Poughkeepsie, N. Y., June 1.—Struck by a pitched ball, Charles Lempa, 17 years old, started to take his base, but had gone only twenty feet when he dropped dead.

The fatality occurred in a game between Y. M. C. A. teams of boys on the Riverfront Military academy grounds Saturday. The game was a close one and was nearing the end, and Lempa was anxious to make a hit.

Walter J. Spross, aged 16, was pitching. He delivered two out-pitches which Lempa missed. The latter evidently expected another out-pitch and stepped out from the plate as the third ball was delivered.

Spross had changed his delivery and sent in a straight ball that struck Lempa over the heart, which paralyzed the nerve center.

A SUIT OVER 75 CENTS

Litigants Have Already Expended Sum of \$500.

West Chester, Pa., June 1.—In the case of Charles Hipple, a grain merchant, to recover 75 cents that he had expended in repairs to an elevator in a building that he rents from Ralston R. Hoopes, a rich property owner, the local magistrate gave his decision in favor of Mr. Hoopes.

The lease stated that the owner of the property should be at no expense in repairing machinery.

There will likely be an appeal to the courts. Both sides have lawyers, and the expenses so far have been over \$500.

DRAPERIES, CARPETS AND RUGS—A. W. MCKENZIE, 114 EAST FIFTH STREET.

BENEDED ON HER BIRTHDAY

St. Louis Girl Killed by Car After Picnic in Celebration.

St. Louis, June 1.—Miss Mary Kerans, 19 years old, was benedicted at a Jefferson avenue street car last night, as she alighted from the car in front of her home. She jumped from the car before it had stopped and was thrown under the wheels.

Yesterday was her birthday, and she was returning home from having celebrated the event with some companions at a picnic.

DIED ON HIS WIFE'S GRAVE

Physician Asked to View Body Stricken With Apoplexy.

St. Paul, Minn., June 1.—Timothy McCarthy, an aged and well known railroad man, fell dead of heart failure in Calvary cemetery Saturday while in the act of decorating his wife's grave with flowers.

While Dr. J. K. Fennell was on his way to view the body he was stricken with apoplexy, and is in a critical condition.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidneys poison the blood will attack the vital organs, causing a crisis of the bladder, or the kidneys then, veins break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

GRADUATE LARGE CLASS

THE NAVAL ACADEMY AT ANNAPOLIS, MARYLAND, WILL PRESENT WEEK.

200 ARE TO GET THEIR DIPLOMAS

It is Expected That They Will Be Presented By Secretary of the Navy Metcalf, Who Will Deliver an Address.

Annapolis, Md., June 1.—The largest class that ever left the Annapolis Naval academy at one time will be graduated this week, the commencement exercises for the 200 midshipmen beginning today with the official reception to the board of visitors.

During the next four days there will be the usual round of drills and practical exercises. Friday will be commencement day, and it is expected that Secretary Metcalf will deliver an address and present the diplomas to the graduates.

On Saturday the first, second and third classes will embark on the several ships of the cruising squadron for the annual winter cruise.

The class to be graduated will be the largest that ever left the institution at any one time before. It contains 200 members.

The class of 1907 was larger by eight members than this year's class, but was graduated in three separate divisions, one section of eighty-six receiving its diplomas in September, 1906, a second section of fifty being graduated in February, 1907, while the last section of seventy-two was graduated at the regular time in June.

Most disfiguring skin eruptions, scrofula, pimples, rashes, etc., are due to impure blood. Burdock Blood Bitters is a cleansing blood tonic. Makes you clear-eyed, clear-brained, clear-skinned.

Itching piles provoke profanity, but profanity won't cure them. Doan's Ointment cures itching, bleeding or protruding piles after years of suffering. At any drug store.

If you haven't the time to exercise regularly, Doan's Regulents with prevent constipation. They induce a mild, easy, healthful action of the bowels without griping. Ask your druggist for them.

Stops earache in two minutes; toothache or pain of burn or scald in five minutes; hoarseness, one hour; muscle ache, two hours; sore throat, twelve hours.—Dr. Thomas Electric Oil, monarch over pain.

HEN COMMITS SUICIDE

Thwarted in Trying to Hatch Brood Plunges Into Well.

York, Pa., June 1.—Thwarted in her maternal instincts, a guinea hen on the farm of Mrs. Sarah Swensen of Windsor township, has committed suicide.

The hen wanted to hatch out a brood, but each time that she filled a nest with eggs Mrs. Swensen took them away.

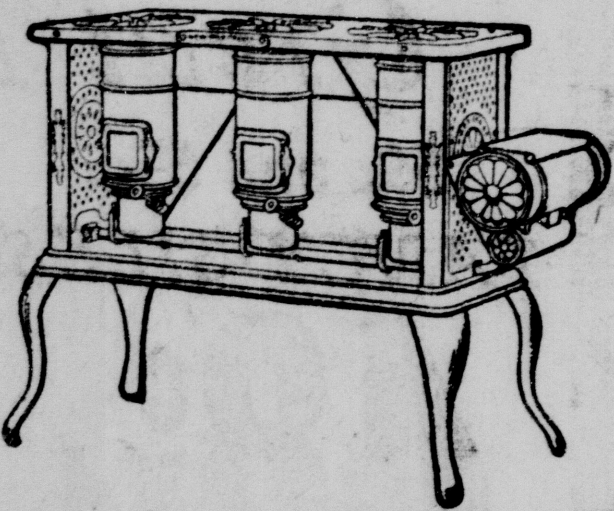

Finally, as her last nestful of eggs were being carried off, the poor fowl flew to the curb of an open well hesitated an instant and then plunged in.

SHAKE INTO YOUR SHOES

Allen's Foot-Ease, a powder. Relieves painful, smarting, nervous feet and ingrowing nails, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's

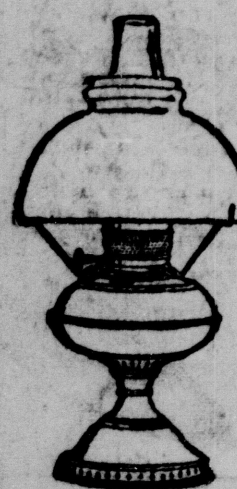

Put This Stove in Your Kitchen

It is wonderfully convenient to do kitchen work on a stove that's ready at the instant wanted, and out of the way the moment you're done. Such a stove is the New Perfection Wick Blue Flame Oil Cook-Stove. By using it you avoid the continuous overpowering heat of a coal fire and cook with comfort, even in dog-days. The

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

is so constructed that it cannot add perceptibly to the heat of a room; the flame being directed up a retaining chimney to the stove top where it is needed for cooking. You can see that a stove sending out heat in but one direction would be preferable on a hot day to a stove radiating heat in all directions. The "New Perfection" keeps a kitchen uniformly comfortable. Three sizes, fully warranted. If not with your dealer, write our nearest agency.

The **Rayo Lamp** is the ideal lamp for family use—safe, convenient, economical and a great light giver. If not with your dealer, write our nearest agency.

STANDARD OIL COMPANY
(Incorporated)

STEAK CAUSES DEATH

Meat Sticks in Throat of Patron of 3 Cent Restaurant.

Grand Rapids, Mich., June 1.—Michael Hogan, aged 42, attempted to swallow a porterhouse steak that had not been cut to dimensions of his throat and died from the effort. Hogan went into a three-cent restaurant and ordered supper. When the steak came he declared he could

swallow it at a mouthful. The proprietor told him to be careful, but he persisted and the steak stuck. A policeman was called in, but could not dislodge it, and the police ambulance was summoned. Hogan died in the ambulance. A doctor took sixteen square inches of steak from his throat.

Greatest tonic and strength producing remedy ever offered suffering humanity. Quickens the blood, lifts brain and body from weakness to power. That's what Hollister's Rocky Mountain Tea does. 35 cents, tea or tablets. W. E. Bard Drug Co.

Grand Rapids, Mich., June 1.—Michael Hogan, aged 42, attempted to swallow a porterhouse steak that had not been cut to dimensions of his throat and died from the effort. Hogan went into a three-cent restaurant and ordered supper. When the steak came he declared he could

PAY DOLLAR FOR DOLLAR

KNICKERBOCKER TRUST COMPANY FIRST FEARED A HOPELESS WRECK.

TWO PAYMENTS WERE MADE TODAY

They Were Not Due Until June 26 and September 26—All Payments May Be Made Within Twelve Months.

New York, June 1.—Second and third payments to depositors of the Knickerbocker Trust company, due June 26 and September 26 under the resumption plan, were paid today, and it is likely that the big financial institution, which a few months ago was called "a hopeless wreck," will be able to pay its depositors in full within a year.

When the Knickerbocker Trust company resumed business on March 26, it offered to pay 10 per cent to all depositors, but only a portion of these creditors withdrew their money.

The plan of resumption called for the release of 30 per cent of all deposits, for which depositors received surplus certificates bearing 4 per cent interest, redeemable out of the earnings of the company, payment of the remaining 70 per cent to be distributed over two years and a half.

Conditions are now so hopeful and the depositors are showing so much confidence in the management that it is thought possible that all the payments can be made within twelve months.

A FESTIVAL OF ROSES

Portland, Ore., Justifies Its Claim as the Rose City.

Portland, Ore., June 1.—"Roses fragrant, roses rare, roses, roses, everywhere." Truth and poetry meet in this jingle of a local bard, for Portland has today fully justified its claim as the "rose city."

Thousands upon thousands of the beautiful blossoms have been used in the decorative effects for this week's great floral carnival, which opened today and will undoubtedly attract large crowds of visitors from every part of the northwest.

Numerous magnificent floats have been constructed for the great pageant which will be a feature of the jubilee.

PRISONER TOLD A LIE

And It Cost the Young Bicycle Thief Five Years.

South Bend, Ind., June 1.—Because he told a lie to Judge Morris, of the circuit court at Marshall, Mich., John Winslow has been sentenced to the Jackson (Mich.) prison for five years.

The young man was arrested on a charge of stealing a bicycle, and would have been released on a suspended sentence had he told the truth regarding his previous record. He stated that he had never been arrested except on this occasion, but the judge learned otherwise.

PAY \$1000 FOR CHICKENS

Damages Assessed Against Adams Express Company.

Indianapolis, Ind., June 1.—Judge S. R. Artman, of Lebanon, has rendered a decision in favor of C. S. Evers, of Hazelrigg, Ind., against the Adams Express company for \$1,000 for the death of seven black Orpington chickens that were killed during shipment to the Jamestown exposition last year.

Experts testified that the chickens were worth \$2,500, but Judge Artman thought \$1,000 sufficient to cover the loss.

Sick Headache Cured.

LIQUOR AND SINGLE TAX

FORM THE PRINCIPAL ISSUES IN TODAY'S STATE ELECTION IN OREGON.

TO PLACE A DIRECT TAX ON LAND

Anti-Saloon People Have Put Up a Vigorous Fight, and Will Ask for State-Wide Prohibition in the Year 1910.

Portland, Ore., June 1.—Liquor and the single tax form the principal issues in today's state election in Oregon, and reports received from over the state indicate that they have been sufficient to draw out a large vote.

Aside from the Henry George measure, which, if passed, will relieve from taxation all dwellings, barns, factories, machinery, household fur-

niture and farm improvements, and place a direct tax on land, chief interest centers in the vote on the liquor question.

Local option elections for county prohibition are being held today in eighteen of the thirty-three counties of Oregon. Eight of the fifteen other counties are new "dry," and in four of these the question of saloons is resubmitted today on petition of the honor men.

Both sides are claiming a victory, but it is practically certain that several counties will be added to the "dry" territory of the state as a result of today's contest.

There are only five counties in the state in which there is no "dry" territory, and the local optionists have called for a county election in each one of these counties today.

This extensive campaign to invade the saloon interests is only a preliminary step to an election on state prohibition, which is planned by the cold water people for 1910.

The Anti-Saloon leaguers and the prohibitionists have made up their minds to co-operate in a campaign that is expected to add Oregon to the list of prohibition states two years hence.

Cotton Report Tuesday

Washington, June 1.—A report giving the estimated acreage of cotton planted this spring and the condition of the crop on May 25 will be made public tomorrow at noon, eastern time, by the bureau of statistics, department of agriculture.

No Humbug.

No humbug claims have been made for Foley's Honey and Tar, the well known remedy for coughs, colds and lung troubles. The fact that more bottles of Foley's Honey and Tar are used than any other cough remedy is the best testimonial of its great merit. Why then risk taking some unknown preparation when Foley's Honey and Tar costs you no more and is safe and sure. Arlington Pharmacy.

W. C. T. U. Meeting to Be Postponed. On account of other duties, the regular meeting of the W. C. T. U., previously announced for Tuesday afternoon, will be postponed.—Mrs. J. H. Allen, Secretary.

TEXAS PURE FOOD LAW

Is to Be Enforced to the Very Letter in Future.

Austin, Texas, June 1.—Clearance sales of questionable food and drug products have been in progress in Texas for several days, as a result of the desire of the merchants to escape the penalties attached to a violation of the stringent pure food laws of the state, which becomes fully effective today.

Large quantities of jams, jellies, extracts, olive oil, syrup, canned meats and similar foodstuffs have been disposed of and hereafter all such foods will have to be correctly labeled.

BUSINESS OR DRESS SUITS; SUMMER SUITINGS.—LOEWER, TAILOR.

Ada's Peace Was Disturbed. John Emerson, colored, was arrested last night for disturbing the peace of Ada Butler. Judge Rickman will hear the evidence tomorrow morning.

A MEET OF PHYSICIANS

FIFTY-NINTH ANNUAL CONVENTION AMERICAN MEDICAL ASSOCIATION.

THERE MAY BE 10,000 DELEGATES

Work Mapped Out for the Congress
Divided into Twelve Sections
—Some of Those Who Will Deliver Addresses.

Chicago, June 1. — Thousands of physicians, including some of the most distinguished exponents of the healing arts in the world, are gathered in Chicago today to attend the fifty-ninth annual convention of the American Medical Association. Problems of medicine and surgery will be discussed by foremost authorities. It is believed that not less than 10,000 physicians will take part in the sessions during the week.

The work mapped out for the congress has been divided into twelve sections, comprising the entire range of medical knowledge, and these sections have been assigned headquarters in various parts of the city, where departmental meetings will be held. Daily sessions of the entire body will also be held, at which addresses will be delivered by eminent medical authorities.

BECOMING A MOTHER

Is an ordeal which all women approach with dread, for nothing compares to the pain of child-birth. The thought of the suffering in store for her, robs the expectant mother of pleasant anticipations, and casts over her a shadow of gloom. Thousands of women have found the use of **Mother's Friend** during pregnancy robs confinement of much pain and insures safety to life of mother and child. This liniment is a god-send to women at the critical time. Not only does **Mother's Friend** carry women safely through the perils of child-birth, but it gently prepares the system for the coming event, relieves "morning sickness," and other discomforts of this period.

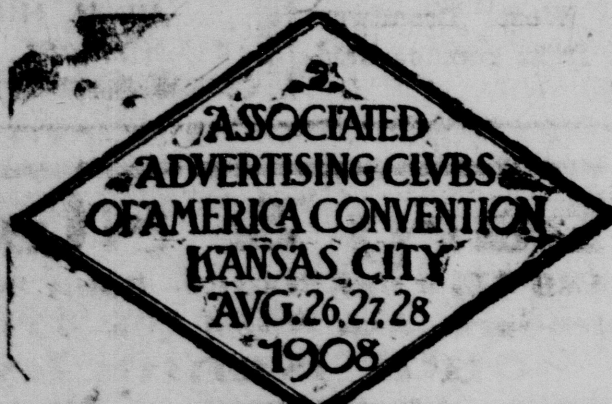

Sold by druggists at \$1.00 per bottle. Book containing valuable information mailed free.

REFUSE TO WEAR OVERALLS

Girls Will Quit Before They Will Obey Health Board Order.

Middletown, N. Y., June 1.—The orders promulgated by the New York board of health are causing much concern to many of the milk producers of Orange county, especially those who have their milking done by female help, as is the case on some of the largest farms in the country.

The women declare they never will don white duck overalls and trowsers in order to be equipped to milk cows, but will continue to milk in the same costume as they have for years past, or not at all.

They say they could not be induced to adopt the new costume if all the boards of health in New York state issued edicts to that effect.

The farmers declare it will be a great loss to them if they are compelled to dispense with women employees at milking time. They will endeavor to secure a modification of the order.

WOMAN DIES OF FRIGHT

Was Sleeping in Cellar When Mouse Fell on Face.

Gage, Texas, June 1.—Mrs. Tucker, wife of John Tucker, who lives on the J. C. Bumpass place, met death in a very unusual manner last week. Her husband, little babe and herself were spending the night in the storm cellar. The mice had been working near the top of the cellar and they had set a trap to catch them.

About 3 o'clock a mouse sprung the trap and mouse and trap both fell on the cot upon which Mrs. Tucker was sleeping. She awakened with a scream, threw the baby from her arms and exclaimed, "That mouse!"

These were the last words she uttered. Mr. Tucker picked up the baby and after depositing it in a safe place, carried his wife out of the storm cellar and used every means known to him to restore her.

Failing in this he ran to a neighbor.

AN AERONAUT IS DROWNED

Fell Into Passaic River With Parachute Sunday.

Belleville, N. J., June 1.—A 20-year-old aeronaut, Fred L. Wood, of New Haven, Conn., plunged down into the Passaic river with his parachute after a balloon ascension from Millside Pleasure park in Belleville last afternoon and was drowned.

Apparently an American flag which he had been waving got entangled with his legs and prevented him from swimming ashore.

See Meneses, the grocer, for house raising and house moving; also will buy or sell old houses or buildings or all kinds; all work guaranteed. Both phones 328.

TOWN IS 250 YEARS OLD

KINGSTON, N. Y., WHERE BODY OF A FORMER GOVERNOR IS LAID TO REST.

GEORGE CLINTON, WHO DIED 1812

The Burial Ceremonies Today Marked the 250th Anniversary of the Founding of the City of Kingston.

Kingston, N. Y., June 1.—In a tomb not fifty feet from the spot where he stood when he was inaugurated the first governor of New York, the body of George Clinton, one of the great statesmen of the republic's early days, has been finally laid to sleep.

Removed from the grave in the national capital, where the remains have rested since Clinton's death in 1812, the body was accorded a second great civic and military burial here. Kingston was the state capital of New York when Clinton assumed the reins of government, and it was here that he began the brilliant political career that ended while he was occupying the vice presidential chair.

Today's ceremonies also marked the celebration of the 250th anniversary of the founding of Kingston and attracted thousands of former residents from other cities and states. A great civic parade, speech making and other features were included in the program whereby Kingston celebrated its natal day and paid honor to its most famous citizen.

While today's ceremonies were impressive, they were no more so than at the first burial of Clinton in Washington, an account of which has been secured from a newspaper of that day. The description of the first rite is as follows:

"The mortal remains of the illustrious vice president, George Clinton, were interred in the burying ground near the navy yard in the presence of a concourse greater than ever seen in the nation's capital. Shops were shut and an air of general gloom pervaded all ranks of society.

"The scene was awful and impressive. The martial parade, the glistening arms and nodding plumes of military corps which preceded the hearse, the solemn melody of martial music which attuned all hearts to melancholy, the sable hearse, attended by eight venerable pall bearers who partook of the toils of the revolution; the well known carriage of the deceased—the chief magistrate of the nation mourning the loss of one of his noblest sons—the senate deploring the loss of a revered president! But why particularly describe the lengthening train? Suffice it to say that the assemblage, mourners and interesting objects, inspired feelings suited both to the occasion. When Clinton descends to the tomb of his ancestors it is fit that the whole nation bewail the loss and his story immortalize his name. Hallowed be the ashes of the honored dead, April 23, 1812."

ALLIGATOR EATS A CHILD

Henry Frye Devoured on Banks of the Calcasieu.

Lake Charles, La., June 1.—While its parents, Mr. and Mrs. Gus Frye, were fishing on the banks of the Calcasieu river near Fenton, a large alligator is thought to have caught little Henry Frye, aged 3 years, who was playing near by. The child was missed and when a search failed to reveal his whereabouts it was thought that he had fallen into the river and drowned.

Saturday the child's clothes were found a short distance from where the parents had been fishing, chewed into shreds. The parents have abandoned the search and express the belief that one of the huge alligators which are known to abound in that vicinity of the river came out on the bank and seized the child at a moment when they were not watching him.

DOG FINDS LOST CHILDREN

Mastiff Objects to Policeman Taking Wards Home.

Joliet, Ill., June 1.—Carlos, a big Dane dog, dispatched to find his little mistresses, Lulu, age 4, and Anna, 3, daughters of Mr. and Mrs. John Patterson, found the children a mile from their home three hours after they were missed.

Shortly afterward Police Captain Corcoran took the three in charge. He had considerable trouble doing so, because the dog would not permit him to place a hand on the girls.

Their mother missed the girls at 5 p. m. Carlos was sent out to search

RUMBLINGS OF THE RAIL

THE M. K. & T. IS HIT HARD BY THE RECENT FLOODS IN THE SOUTHWEST.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

On top of the decreasing traffic on the Katy, according to the last financial report, the road has been hit hard by the floods throughout the southwest, and the loss will probably not amount to less than a million dollars.

The road has sustained immense losses at numerous points and many miles of road have been inundated and a great deal of the roadbed washed away. The usual spring floods have been exceeded, and such disasters as happened at Dallas and the destruction as the Red river bridge added.

All this has occasioned a financial loss to the road that is serious. It will not take far from one million dollars to repair the immense amount of damage, and such a vast amount of expenditures being imperative has caused a further shut down of the shops in this city, and a cut in other expenses along the line.

It is stated that many men have been laid off, commencing with the office force in St. Louis and every man that can be dispensed with from St. Louis to Galveston has been laid off temporarily.

While the mechanics on the system will be laying off the bridge and building departments and the extra gangs will be working over time for several weeks to come.

A Strike Is Threatened.

The Kansas City Times of this morning had the following dispatch from Atchison Kas., under date of May 31:

"At a meeting here this afternoon the union carmen, who went to work at the Central branch shops last Monday, on the piece work plan, decided to refuse to return to work tomorrow unless the union scale which was in force before the shut down in February is put into effect. Forty-eight of the sixty men employed in this department are affected."

Missouri Pacific Men Hurt.

Edward Burke, a Missouri Pacific machinist, and Lee Hodges, another Missouri Pacific employee, were quite painfully injured while playing baseball at Ninth and Montgomery avenue Saturday.

Both were running to catch a high fly ball, when they collided. The former sustained a painful scalp wound, while the latter sustained a severe bruise of the head.

Additional Men Are Wanted.

Additional carmen were hired at the old shops of the Missouri Pacific this morning, but at noon today Master Mechanic McGraw stated that twenty-five additional carpenters

could secure employment by making application at the old shops.

Two men are working today, the same as they did last week, in the planing mill at the new shops of the company.

Will Be Run as Extra.

Effective today, stock and time freight handled by Missouri Pacific train No. 77 will be run extra out of Sedalia, to leave this city at 1 p. m., and will arrive at Kansas City at 8:45 p. m. The crew of train No. 77 will be in charge of the train.

Stock and time freight handled by No. 254 will be run extra out of Kansas City, leaving that place at 2:30 p. m., and arriving at Pleasant Hill at 4:45 p. m.

This is merely a new schedule for No. 77, to quicken shipments to Springfield, Mo., also to make connections with L. & S. train No. 253. Jewell rheolul at lre h evel vbkka

Going on a Vacation.

C. M. Jacobs, ticket agent for the M. K. & T., and wife, will leave about June 6 for a two weeks' visit at Galveston and other points in Texas.

Munson Goodyear, night agent, will fill Mr. Jacobs' place, while Earl Eckhoff will take charge of the night work.

And Why Shouldn't They?

An official bulletin was issued at the Katy offices Sunday, requesting auditors and conductors to honor for passage tickets of the M. K. & T. or connecting lines which have expired when the delay has been caused by washouts.

Moved to Their New Home.

W. R. Finnell, the Missouri Pacific engineer, and wife, have moved from

705 South Engineer avenue to their new home, 1198 East Broadway, which they recently purchased of P. G. Stafford.

The dwelling is a two-story frame of seven rooms, and is dirt cheap at \$2,000.

Hospital Arrivals.

Following are new arrivals at the Katy hospital:

F. J. Schuler, machinist, Parsons, Kan.

Will Sherman, fireknocker, Muskogee, Okla.

Annie Joyce, waitress, Osage, Okla. S. M. Nichols, fireknocker, Oklahoma City, Okla.

Automatic Couplers.

C. R. Myers, a Katy brakeman, reported for work today.

Ross Kinsey, an extra brakeman on the Katy, is laying off.

A. Frakes, roadmaster for the Katy, went to Holden today on business.

Will Martin, a Missouri Pacific relief telegraph operator, went to Centerton today to work.

J. M. Chandler, Missouri Pacific roadmaster, made a business trip to Independence this morning.

A. J. Alexander, superintendent of the Missouri Pacific, went east last night on company business.

C. D. Jeffers, Missouri Pacific claim agent, returned this morning from spending Sunday in Kansas City.

Albert Rankin, traveling auditor for the Katy, and R. M. Garrett, resident engineer, went north on No. 2 today.

W. F. Hausgen, supervisor of bridges and buildings for the Missouri Pacific, went to Boonville today on business.

During May, twenty-four Missouri Pacific employees were treated at the Katy hospital, three of the number for injuries.

C. B. Roelwell, a Missouri Pacific clerk, returned to Kansas City this morning, after spending the Sabbath with friends here.

W. C. Gross, a Missouri Pacific brakeman, returned to Kansas City Sunday afternoon, after visiting home folks in this city.

H. J. Tierney, draughtsman for the M. K. & T. at Parsons, Kan., arrived last night from that point to visit his brother.

A. E. Doughner, superintendent of the Katy at Franklin Junction, returned there this morning, after spending Sunday with his family here.

Howard Fullerton, a Katy shops employee, who for several weeks has been bedfast with pneumonia fever, was able to be down town today.

Charles Crump, an employee of the M. K. & T. hospital in this city, who last Friday underwent an operation for appendicitis, is getting along nicely.

Business on the M. K. & T. is reported to be in a flourishing condition, so much so that extra brakemen have been refused a thirty days' leave of absence.

Col. A. C. Miner, traveling passenger agent for the M. K. & T., and L. W. Mosher, commercial agent, went to Jefferson City this morning on company business.

George F. Tuley, a railway mail clerk out of Kansas City, who has been visiting the family of J. C. Brown, left for home Sunday. Mrs. Tuley will prolong her visit.

There is a vacancy for a conductor on Missouri Pacific locals Nos. 95 and 96, west of Sedalia, in place of G. S. Hayden, transferred. Applications must be on file by June 9.

Trainmaster E. M. Dennis, of the Missouri Pacific, issued a bulletin Sunday, cautioning engineers about fast running during rainy weather. Speed must be sacrificed for safety in such weather.

Wanted—Neat, clean girl; small family; good wages. Apply 416 S. Grand.

TWO PRISONERS END LIVES

Both Hang in Cells, One Using Towel and Other a Sheet.

Jeffersonville, Ind., June 1.—Frank Stillwell committed suicide in the Indiana reformatory in almost the same manner that John Roagh ended his life in the same place the same morning.

Stillwell was found by Guard Hicks at 9 o'clock hanging by the neck in Cell 13 on the top tier of "A" cell-house. Stillwell had followed the plan of Roagh, except that he used a towel instead of a sheet, and tied it to a small pipe entering the top of the cell which insulates the electric light wire.

A note was found in the corner of a mirror close to the body. On one side were the words, "God forgive me for this act." The other side read: "Goodbye to father and mother. I had intended to do this anyway by May 31."

It is supposed that brooding over Roagh's death, which occurred in the same cell-house, on the other side lower tier, caused Stillwell to hasten the execution of his plans.

"The Bee Hive Bargain Store" will open Saturday next—Cannon's old stand, 321 Ohio. Watch daily papers for further announcement.

"Pete" Back at Work Again. "Pete" Phallings, a former deputy constable, who resigned several weeks ago, resumed his old position today, relieving W. F. Farmer, who resigned to assume the position of night watchman at the Missouri Pacific shops.

Looking for Health?—Drink pure sparkling Sweet Springs water, \$1.50 a case of 12 half gallon bottles—Arlington Pharmacy.

MAKE YOUR STOMACH HAPPY WITH

Heat in Oven Before Serving.

SHREDDED WHEAT BISCUIT

and Strawberries—an ideal summer food, wholesome, nourishing and delicious. Contains more real nutriment than meat or eggs. Better than the soggy white flour dough of ordinary short-cake and more easily digested. At your grocers.
